Specifications

Model	MT-KN3204C	MT-KN3208C	MT-KN3204CI	MT-KN3208CI
Print Head	4pcs Konica-KM1024	8pcs Konica-KM1024	4pcs Konica-KM512i	8pcs Konica-KM512i
Number Of Nozzles	1024		512	
Color	4 Colors: Cyan, Magenta, Yellow, Black			
Resolution	Up To 720*1440			
Size Of Ink Droplet	42PL		30PL	
Max. Print Width	Up To 3200mm(126")			
Max. Media Width	Up To 3200mm(126")			
Print Speed — Standard Output	90 Sqm/H	180 Sqm/H	120 Sqm/H	240 Sqm/H
Print Speed — High Precision Output	80 Sqm/H	160 Sqm/H	110 Sqm/H	220 Sqm/H
Print Speed — Ultra High Precision Output	70 Sqm/H	140 Sqm/H	100 Sqm/H	200 Sqm/H
Media	Flex,Banner,Knife Coated Substrate,Double Side Printing Banner PVC,Advertising Cloth,Adhesive Vinyl,One Way Vision,Mesh,Reflective Banner,Reflective Vinyl			
Ink	Solvent Ink			
Control Software	PrintManager			
RIP Software	Wasatch/Photoprint/Maintop			
Printer Dimensions	L5150 * W1050 * H1470mm			
Packaging Dimensions	L5600 * W1150 * H1770 mm			
Gross Weight/Net Weight	1200kg/900kg			

Separate Color Cleanout System

Separate Infrared Heating System

Separate Machine & Heater Power

Printhead Moisturizing System

Ink Circuit Heating System

Bulk Ink Supply System

Carriage Height adjustable

Wider Size Printing Platform

3.2m Printing Width

Low Noise Linear Guide Rail

Konica512i Printheads

Aluminum Alloy Girder

Dual Sliders

Temperature Controller

Excellent Stepping Rollers

Integrated Framework Machine Body

Three Media feeding System Optional

Features

1. MT Konica Solvent Printer adopts wider size printing platform. Client can choose 4pcs or 8pcs Konica 1024 printheads model according to their demand at the beginning. This kind of solvent printing machine can be installed up to 8pcs Konica KM1024 printheads for maximum. Client can choose 4pcs or 8pcs Konica printheads model according to their demand at the beginning. This kind of solvent printing machine can be installed up to 8pcs Konica KM512i printheads for maximum.
2. MT Konica Solvent Printer equipped with Four in one temperature controller with Three-stage adjustable temperature function.
3. MT Konica Solvent Printer adopts separate machine's main power and heater's main power.
4. As the top quality Konica Solvent Printer, it adopts linear guide rails with double-slider and sound off function, more durable and reliable for high precision printing.
5. MT Konica Solvent Printer adopts separate infrared heating system to speed up printouts drying (optional).
6. MT Konica Solvent Printer equipped with secondary ink tank and ink circuit heating system suitable for low temperature working environment in winter.
7. MT Konica Solvent Printer equipped with separate colors cleanout system.
8. MT Konica Solvent Printer equipped with automatic cleaning system.
9. The height of printhead carriage plate can be adjust freely and easy to operate.
10. MT Konica Solvent Printer equipped with unique printhead protection stack with intelligent printhead moisturizing device.
11. MT Konica Solvent Printer adopts precision mechanical parts for higher accuracy of feeding and collecting system.
12. There are three feeding systems are available for MT Konica Solvent Printer, three take up systems are optional too. Three feeding system for different operate conditions: inserted feeding type with one roller, deposited feeding type with two rollers, deposited feeding type by dragging media with three rollers;
13. MT Konica Solvent Printer was installed LED lamp inside of printing platform.
14. MT Konica Solvent Printer equipped with 400W Panasonic servomotor AC drive motor.
